The husband-and-wife team behind Uruguay's Vik Retreats is breaking new ground. Fall saw them unveil **Bahía Vik** in the fishing village of José Ignacio. Now they have ventured into Chile to launch **Viña Vik**, set on 11,000 acres of the Millahue Valley's rolling, mountainous wilderness and featuring a winery and a hill-top hotel whose 22 rooms contain commissions by local artists. vikretreats.com —V.J.
