← **VIÑA VIK, CHILE**

Husband-and-wife team Alex and Carrie Vik are known for their laid-back retreats and achingly fashionable seaside boltholes, like Playa Vik and Bahía Vik in Uruguay. They're also devoted wine producers, and their latest hideaway is set in their Chilean estate in the Apalta Valley. The winery, which guests can tour, is an architectural marvel. Ride in the Andes with a local *gaucho*, try the spa, or just soak up the views.
